

Community Health Fund

Looking for funding that can help to make a real difference to health inequalities in your community? The Community Health fund is now open for applications and will only be accepted via the Social Impact Gateway (SIG), a free platform supporting local VCSEF organisations to access funding and partnerships.

Grants of up to £3000 are being made available to fund new and innovative opportunities engaging those experiencing or are most at risk of experiencing Health Inequalities within areas of Medway and Swale.

If your organisation is not already registered with the SIG use the link to register - [Social Impact Gateway Affiliate Application Form](#). You will need to register before applying for the fund.

For more information and to apply for this funding opportunity go to [SIG-Information.pdf](#)
The closing date is 3rd October 2025
